**special preview
presentation**

**best year yet
to go Ford**

'65! *Best year yet to go FORD...* **FALCON SEDANS** The new Falcon is designed and engineered especially for Australia and is manufactured **completely** in Australia. It brings you handsome new styling and robust body construction. Inside it's fashioned with flair — and has the widest seats and most luxurious interior appointments of any car in its class. Its ride is even smoother and quieter . . . and it's powered by the most proven engines in its field. Falcon's low cost of ownership is equal to many smaller cars . . . and it requires less routine servicing during its lifetime than almost any other car on the Australian road. In short, **it looks great, goes great, is great value!**

NEW FEATURES

- All-new grille of heavily chrome-plated steel.
- New wrap-around deep-section front bumper.
- New spare tyre location — now upright at the side of the luggage compartment.
- All new interior trim styles.
- New, even more comfortable and longer-lasting seat construction.
- New, front-end "torque-box" construction for improved body strength and tightness.
- Refinements to suspension result in an even smoother ride and provide easier handling.
- New instrument panel.
- Speedometer now reads to 120 mph.
- Separate turn-signal indicator lights.
- New interior dome lamp position — now in the roof centre for brighter, more evenly distributed light.
- Hand brake effort reduced.
- Window-winding effort reduced.
- New 3-speed "Fordomatic 3S" automatic transmission.
- Improved low-speed torque in engines.
- Illuminated automatic transmission selector dial (3-speed).
- New reduced pressure exhaust system — improves engine efficiency and lowers exhaust noise.

POWER TEAMS

(Refer to page 10 for engine and transmission combinations.)

FALCON SEDANS

'65! Best year yet to go FORD... **FALCON STATION WAGONS** Meet the handsomest, most rugged and versatile station wagons in Australia. They bring you new beauty outside — and inside. Engineering refinements provide more body strength and handling ease, an even smoother, quieter ride — more value all round. Loadspace is long and wide. Seat conversion as simple as A.B.C. And, as with all Falcon models, they require less routine servicing during their lifetime than almost all other cars on the Australian road.

NEW FEATURES

- All-new grille of heavily chrome-plated steel.
- New wrap-around deep-section front bumper.
- All new interior trim styles.
- New, even more comfortable and longer-lasting seat construction.
- New, front-end "torque-box" construction for improved body strength and tightness.

FALCON HARDTOPS

GALAXIE

COLOURS AND UPHOLSTERIES

'65! Best year yet to go FORD . . . FORD GALAXIE 500 The 1965 Total Performance Super Torque Ford Galaxie 500 is all new. It is a classically styled automobile — with lean, clean lines that are both timely, and timeless. Inside, there is every conceivable appointment for luxury motoring, driver comfort and convenience. The basic quality is silence . . . the new Galaxie is the quietest Ford ever built. It is also "action" . . . a 200-horsepower V8 with 3-speed Dual Range "Cruise-O-Matic" Drive provides ultra-smooth and responsive performance . . . a Super Torque 280-horsepower V8 with "Cruise-O-Matic" 3-speed automatic transmission gives you a standard of performance unobtainable from any other car on the road today. All in all, Galaxie ownership is your supreme passport to advanced, luxurious motoring.

NEW FEATURES

- Completely new exterior styling featuring classical, clean Continental-like styling.
- Curved side glass.
- All-new vinyl upholsteries — the highest quality in the automotive industry.
- Suspended accelerator pedal — adjusts itself to your foot.
- Transmission tunnel reduced 25%.
- Separate inner wheel housings for rust protection.
- New 15" wheels for ride and traction.
- New torque-box frame and rigidized construction for even greater structural strength, less noise and vibration.
- Improved front suspension and new 3-link rear coil suspension provide a solid, silent ride together with excellent tracking and directional control.
- New, wider track, now a full 62 inches, front and rear, provides a remarkable degree of stability.
- New, double-sided keys — fit into the locks either side up.

POWER TEAMS
